President's Corner

The beautiful January weather has helped us get off to an excellent start to this winter season, and our wide variety of social activities are in full swing. The month of February offers a number of special events that are enumerated in this February newsletter, and we encourage our new residents to discover what a welcoming community we have here by participating in as many of them as you can. The last page of this newsletter has an alphabetical listing of all of our activities.

The Master Board approved an amended version of the Master Rules & Regulations at the January 18th Board meeting which I emailed out to everyone on my Sapphire contacts list. Those Rules & Regulations are only for the common property that is administered by the Property Manager (Suzanne Foster) and the Master Board. Each of the 15 sub-associations has their own Rules & Regulations which pertain to their own association buildings, renters, pets, etc. At that same meeting we discussed the need to get better cooperation from all of our residents

in complying with the rule to break down cardboard boxes when disposing of them in the recycle bins and/or dumpsters. I also asked the cooperation of all of the various groups that use the Pool 3 Cabana in making sure that the wind screens are rolled back up (as long as they're not wet) so that the screens are not harmed by any strong winds that might occur overnight.

The Sapphire Lakes website: www.sapphirelakesnaples.net has a full listing of all of the activities being sponsored within the community, as well as monthly calendars for all of the events and activities within the community. You can also find information regarding your individual sub-association (such as Wind Mitigation forms for your HO insurance company). Click on "Association" and then "Community" and click on your association. The website also has a link to the MLS sales and rentals that are currently available within our community.

If you don't receive periodic email updates from me, please send me your email address and I will add you to my contact list. The Activities Team is sending all newsletters out by email now, and it will be helpful if I have everyone's email address in my contact group.

Treasurer's Report

As I stated in my last newsletter 2022 has been a tough year from a budget standpoint. The books are not closed yet but this result should not change much. It looks like we will be over budget by \$5,000, but considering that it appeared that we were going to be over budget by around \$10,000, that's good news.

Areas where we are over budget:

1. Management service \$6,100 due to up grading to a new manager.
2. Electricity \$3,700 due to FPL increasing rate 14% over LY.
3. Hurricane Ian \$8,500.
4. Building Supply & Maintenance \$9,700 due to past neglect.
5. Christmas decoration \$4,000 due to increase in cost.
6. Pool repairs \$6,800.

We were able to offset most of these dollars by putting off the sidewalk project and delaying the replacement of the mail boxes at Spinel until 2023.

The \$5,000 we are over budget will come out of our Contingency/Emergency account so we will end the year in that account with around \$107,000 in funds.

This money is sitting in a special account to be used as an emergency fund should we get hit by another hurricane or if some other unforeseen expense comes up. Having this fund also frees up the reserve money that we sometimes borrow from to help our cash flow. This allows us to invest more of the reserve dollars in CD's. We are also getting an improved rate on this money market account due to the Fed raising interest rates.

For 2023 the Master budget will increase by 7%. That includes an increase of 10% in operating expense, 4.83% in cable fees and 4.00% in internet fees, basically due to high inflation.

Our contribution to reserve dollars went up by \$16,000 to \$89,000 from \$73,000. This was due to us changing our parking lot reserve line from "patch & repair" to "repaving" the parking lots starting in 2028.

As far as interest in our reserves, with the Fed raising the prime interest rate, we expect to be getting over 4.30% on all reserve money by mid-year 2023 as our old CD's mature.

In 2022 we spent around \$51,000 on the following items out of the reserve.

1. Fountain Repairs \$5,990
2. Irrigation Pumps \$8,593
3. Pool Heaters \$21,000
4. Pool pump \$1,360
5. Resurface pool 4 \$3,360
6. Black topping \$1,050
7. Tennis court \$2,695
8. Roofing \$6,498
9. Catch Basin cleanout \$600

For 2023 the plan is to spend around \$15,000 in the following reserve items:

1. Concrete Repairs \$2,000

2. Pumps/Fountains \$12,500
3. Sewer cleanout \$600

These are very close to the final numbers. I will give you an update in the next newsletter and at the Master Board Annual meeting in March. Hope to see everyone around. Thanks,
Mike
